lickling in the Throat

"Just a little tickling in the throat!" Is that what troubles you? But it hangs on! Can't get rid of it! Home remedies don't take hold. You need something stronger-a regular medicine, a doctor's medicine. Ayer's Cherry Pectoral contains healing, quieting, and soothing properties of the highest order. Ask your doctor about this. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Constipation positively prevents good health. Then why allow it to continue? An active liver is a great preventive of disease. Ayer's Pills are liver pills. What does your doctor say?

Summer and Fall

Top-Dressing and Seeding Down Many farmers are finding it to their advantage to seed down during the summer and fall, claiming that by so doing they are apt to get a much better "catch" than they do when they follow the usual practice and seed down in the spring.

The same-is true regarding topdressing grass land. Some of the most progressive farmers put on top-dressing immediately after haying, with perhaps a small application of nitrate of soda the following spring.

If you will send your name and P. O. address to Carroll S. Page, Hyde Park, Vt., he will send you free, post-paid, several formulas for mixing fer-tilizers especially adapted to top-dressing and fall seeding, together with prices of ingredients, full directions for mixing, etc. These formulas have been approved by the Vermont Experi-ment Station and will be found thoroughly reliable.
